

## Organic products: the market is still tentative (part 1)

### The global industry produces less than 3% of its total volume in the organic category

Following our recent articles on "organic" tomato derivatives launched by several renowned companies in the sector (Mutti, Juver, Pomi, SPC, etc.), Tomato News is proud to publish the first global evaluation of the biological activity of our sector. This article was published in its entirety in the Yearbook published on the occasion of the Tomato News Conference of May 2019 (Avignon, Fr.).
